Negro Named to Top Post by Kennedy

By MARVIN L. ARROWSMITH

PALM BEACH, Fla. (AP)—President-elect John F. Kennedy today names a Negro—first to be picked for a top job in the new administration—as chief of the Federal Housing and Home Finance Agency.

Kennedy scheduled a late morning news conference for formal announcement of appointment of Robert C. Weaver, 51, now vice chairman of New York City's Housing and Redevelopment Board. He has a Harvard doctor of philosophy degree.

He also has served for the past year as national chairman of the National Association for the Advancement of Colored People.

Selection of Weaver became known Friday night after the president-elect had chosen W. Averell Harriman, former envoy to the Soviet Union and former governor of New York, to serve as his roving ambassador on important special missions abroad.

Kennedy said the overseas assignments he has in mind for Harriman will be carried out by a man "who has the full confidence of the president and an intimate knowledge of all aspects of United States policy."

It will cost Weaver \$1,500 in salary reduction to take over direction of federal housing program. His New York position pays \$22,500 annually compared with \$21,000 in the new position.

Norman P. Mason is administrator of the Housing and Home Finance Agency in the outgoing Eisenhower administration. The agency has policy supervision over the operations of the Federal Housing Administration, the Public Housing Administration, and the Federal National Mortgage Association.

Weaver was trained as an economist at Harvard. He was a New Deal brain trust in the Franklin D. Roosevelt administration in 1935, serving first as an aide to Secretary of the Interior Harold I.ckes. Later he was a special assistant in such agencies as the Housing Division of the Works Progress Administration, the National Defense Advisory Commission, the War Production Board and the War Manpower Commission.

Kennedy reportedly is about ready to pick still another Harvard man — McGeorge Bundy, dean of the faculty of arts and sciences — to be his special assistant in charge of national security matters.

Kennedy sprinkled the New Year holiday weekend with a mixture of business engagements and plans for more relaxation on the golf course and at a football game.

On Monday the president-elect will fly to Miami for the Missouri-Navy Orange Bowl game. Kennedy, a World War II Navy veteran, will be rooting for the midshipmen.

Kennedy was host overnight to Franklin D. Roosevelt Jr., son of the late president. Roosevelt told reporters he had not been offered a job in the new administration.

It was learned, meanwhile, that Gov. Ernest Vandiver of Georgia is under consideration — among others — for the post of secretary of the Army.

Kennedy will almost certainly come up with ideas for spending more money than President Eisenhower is likely to suggest in his last budget.

Arguments over spending will last until Congress goes home next summer. This is just a taste of the problems ahead on domestic issues alone. Kennedy's overseas problems are endless.

Besides having to deal with Premier Khrushchev personally — either face to face at the summit or through letters and public statements — Kennedy must cope with the Red Chinese who, as they become stronger, will make more trouble.

How is he going to keep Southeast Asia from falling to communism in an area where Red China is the dominant force? That problem will stick with him through the four years of his presidency, or eight if he wins a second term, unless communism in the mean time takes over.

The shooting in Laos alone, with help from Soviet Russia and the Red Chinese, could embroil the United States in a costly war.

Rest of the Winter Will Not Be Dull

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The rest of this winter may be cold, but it won't be dull.

The Eisenhower administration is departing in a whisper for, like others before it, it's in that period of marking time until a new administration takes over Jan. 20.

The new one of President-elect John F. Kennedy will start with a bang. It has to. It has that many problems, enough to make the bang last for months.

Just domestic problems would be enough to make Washington boil. Kennedy has more than those.

There's the problem of somehow loosening up the House Rules Committee where Southern Democrats and Republicans have teamed for years to keep liberal legislation from reaching the House for a vote.

Unless this is done, the committee could keep much of Kennedy's program in the graveyard. But if Kennedy backs this, he may antagonize far more Southern Democrats than those on the committee, just when he needs their votes.

In the Senate there's the question of whether to try to gag the Southern Democrats, who might otherwise try to talk civil rights legislation to death, by changing the rules to prevent filibusters.

There'll be a fight over any Kennedy attempt to modernize, clean up or otherwise improve the government's regulatory agencies which affect American living in ways which range from cosmetics and medicine to gas and TV.

It should be a scorcher when Kennedy, as he promised he would, tries to get through Congress a medical-care-for-the-aged bill tied to Social Security. The American Medical Association figures to lead the fight against him.

Kennedy will almost certainly come up with ideas for spending more money than President Eisenhower is likely to suggest in his last budget.

Russia Has a Bad Food Grop

MOSCOW (AP)—The Soviet Union has a new agriculture minister after a poor crop year and open dissatisfaction with the handling of the ministry.

Premier Khrushchev removed Vladimir V. Matskevich, one of his long-time favorites, and named Mikhail Olshansky, vice president of the Academy of Agricultural Science, to take over the job.

World Roving Ambassador Considered

By ARVIN L. ARROWSMITH

PALM BEACH, Fla. (AP)—President-elect John F. Kennedy says he is seriously considering appointment of a world-roving ambassador to represent him in talks with high foreign officials, including government chiefs.

And there are reports Kennedy's choice for such an assignment would be W. Averell Harriman, former ambassador to the Soviet Union and former governor of New York.

Harriman, who conferred with Kennedy here this week, refused to confirm or deny it, and Kennedy headquarters had no comment.

The president-elect's disclosure that he is thinking about naming a roving envoy came at a news conference Thursday night at the Kennedy home on the Atlantic shore.

He also underscored again that he looks with little favor on a president of the United States doing a great deal of travel abroad, but by no means ruled out the possibility of his making "some trips out of the country" as some executives.

Kennedy indicated, without mentioning any names, that he may pick an ambassador at large next week.

Kennedy and Sen. J. William Fulbright, D-Ark., chairman of the Senate Foreign Relations Committee, met newsmen together after Kennedy had announced that James M. Landis will serve as his special assistant to help plan broadcast reform of federal regulatory agencies.

Landis, former dean of the Harvard Law School, has served as member or chairman of some of the government agencies he has sharply criticized in a study made for Kennedy.

Landis, 61, will be on the job, a statement said, only "for the amount of time needed for the preparation of a program and the submission of final recommendations for presidential action and legislation."

The regulatory agencies include the Civil Aeronautics Board, Federal Power Commission, Federal Communications Commission, Interstate Commerce Commission and National Labor Relations Board.

Kennedy's only announced business engagement today is with Franklin D. Roosevelt Jr., son of the late president and a former member of the U. S. House of Representatives. There has been speculation Roosevelt may be named assistant secretary of the Navy, a post his father once held.

There were these other developments at the news conference: 1. Kennedy and Fulbright advocated putting in a good part or per haps all of foreign economic aid on a long-term commitment basis.

2. A five-year congressional authorization for borrowing from the treasury, rather than the present annual appropriation.

3. "It is impossible to make this an efficient program on an annual basis," Fulbright said.

4. The two don't see eye to eye at all on Kennedy's call for swift action by the new Congress to increase the \$1 minimum wage by 25 cents an hour. Kennedy made it clear that Fulbright wants to defer action. Fulbright has taken the position that an increase while the American economy is lagging could hurt business.

5. Kennedy declined to say whether the new administration will recommend an increase or a decrease in over-all foreign aid spending—military and economic.

He said he won't know until the end of January after "we see exactly what the balance of payments situation is." July-September figures for this year show a deficit running at the rate of a billion more than \$4 billion annually.

That much more being spent abroad than is coming back to this country.

Peru Breaks Relations With Castro's Cuba

Peru broke off diplomatic relations with Cuba in a move that diplomats say may trigger off a mass move by Latin American governments to isolate the Fidel Castro regime.

Growing anger among leaders of hemispheric neighbors was evident over the activities of Cuban agents charged with spreading revolutionary propaganda among the masses.

Uruguayan President Benito Marrone told an interviewer Friday night that his government may expect the Cuban ambassador in Montevideo and cut all ties with Havana.

There was speculation among diplomats in Lima that Colombia, Venezuela and Chile may follow suit and freeze out Castro agents.

A petition was being circulated in Panama appealing to President Roberto Chiari to break diplomatic and trade relations with Cuba.

Five other Latin American countries—Guatemala, Haiti, Nicaragua, Paraguay and the Dominican Republic—have withdrawn their top diplomats from Havana.

The Peruvian government accused the Cuban Embassy with "evident interference" in Peru's internal affairs by handing out Communist revolutionary propaganda among other acts.

In one of the strongest denunciations of Castro's regime by a South American government, Peru declared, "The foreign-affairs policy of the current Cuban government violates all standards of international law."

Havana was charged with subsidizing subversive agents to incite "destruction of the legally constituted authority of public powers, those of the Catholic Church and of the armed forces."

The Cuban charge d'affaires was ordered to get out of Peru as soon as possible and take with him all other members of his staff.

Opposition against Castro was reported hardening inside Cuba itself. A clandestine radio Friday night denounced his regime in a broadcast the announcer said was coming from "somewhere in the free territory of Cuba."

Underground sources had put out word of the impending broadcast and it came on right on schedule at 9 p. m. with a 15-minute-long manifesto calling for "unity in the struggle for freedom."

Fidel Castro showed no outward concern. The prime minister planned a big New Year's supper and invited thousands of foreigners — including about 400 Americans — to see the "glorious achievements" of his revolution.

Holdup Nets \$870
HARRISON, Ark. (AP)—A lone gunman held up a service station grocery here early today and made off with an estimated \$870 in cash.

Luther Smith, owner of the Smith and Graham store, was working alone at the time. He said the white male robber carried a rifle and appeared to be around 25.

Neighbors said they saw the man enter carrying the rifle but presumed he had been hunting.

**Uruguay May Expel
Cuban Envoy**
ONTEVIDEO, Uruguay (AP)—President Benito Nardone disclosed today Uruguay is thinking of expelling the Cuban ambassador here and possibly of ending diplomatic relations with Cuba.

Nardone said he also plans crushing measures against Soviet subversive activities in this country.

The president said his government is displeased with Cuban Ambassador Mario Garcia Inchaustegui's activities. Garcia Inchaustegui has been accused privately by officials of "meddling in Uruguayan affairs (and) trying to reap a pro-Castro harvest among the Uruguayan masses through propaganda to foment unrest."

Nardone is current head of the nine-man government council that rules Uruguay under a system of rotating presidents. Expressing his views in an interview, he said the council is now studying, with the Foreign Minister Homero Marín, a report on Garcia Inchaustegui's activities.

The president added that his government may decide to ask Garcia Inchaustegui to retire its ambassador.

FIRST HINGED TAIL—The world's first cargo plane with a swing tail is being built by Canadair in Montreal and is expected to go into service in 1961. Purpose of the turboprop's unusual feature is to allow straight-in loading of the plane's 33 tons of cargo. Company officials say this cuts loading time from five hours to one hour.

At the Year's End We Should Give Thanks That the Story of Mankind Is Not Complete

By MARY ANITA LASETER

This time tomorrow each of us will have received a priceless gift. No, I don't think that Michael Anthony is going to call on you between now and then. It's something else that will happen.

We will be given something collectively to be used individually. This most treasured of possessions will be divided into 365 parts or 52 larger sections. That's right. A new year fits that description. And the gift of a new year is what we are talking about.

Oh, you're a little disappointed? Thought it was going to be something bigger and better? Say, a million dollars, for instance?

Well, strange as you may think this statement to be, the gift of a new year is far more precious than a large amount of money. And what's more, it is given to people in all stations of life.

Whether it is used wisely and profitably is up to each recipient.

All that's mighty fine sounding, the cynic will say, "but let's really look at this 'gift' from the right angle: The year 1960 didn't do anything great for me, so why should 1961 be any better?" This type is also sure to point out "the world is in a terrible shape" and will probably add "I have a headache, too."

You will notice that our imaginary person only mentioned what the year had failed to do for him with no thought of what he had done for the year and thus, the world and others.

We usually think of a new year as a tiny baby. That is the correct perspective in more ways than one, for just as infants can bring joy to a house, they also carry a great responsibility for those in whose hands must be their care.

It is much the same with a new year. Some things that have taken place in the past will have influence on present-day developments. But, it's the care and wisdom in which the new year is molded that will spell the difference in the future.

To close this visit with you today a paragraph by an anonymous author is used.

"How do you feel when you come to the bottom of a page in a magazine and read, 'To be continued'? Some may feel frustrated while others rejoice that there is more to come. At the year's end we should give thanks that the story of mankind is not complete—that it is to be continued. It is not enough, however, just to have time continue on; we are challenged to make fresh resolves to continue to grow toward fulfillment. And we must grow one way or another. There is no standing still."

**Department Store
Sales Greater**
ST. LOUIS (AP)—Department store sales in the 8th Federal Reserve District during the week ending Dec. 24 were 18 per cent greater than sales recorded in the comparable week of 1959.

A report issued today showed every city in the district shared in the upturn. Stores in seven of the district's smaller cities, recorded the biggest increase, 23 per cent, and Little Rock, Ark., showed the slightest gain with 14 per cent.

Memphis lead the four largest cities in the district with an increase of 19 per cent with St. Louis showing an 18 per cent gain and Louisville 17 per cent.

The overall total for the year ended 1959 was \$1.4 billion, and that gain showed only St. Louis with a gain of \$4,576,188 above collections for the first six months of the fiscal year.

Cheney's monthly revenue report showed collections for the first six months of the fiscal year were \$4,576,188 above collections for the first six months of the fiscal year. The six-month total this year is \$75,261,402.

Edith Piaf Back in Limelight

PARIS (AP)—Edith Piaf, the street corner songstress who soared to top billing in France and America, returned to the Paris footlights Thursday night after a two-year bout with sickness and injuries.

Government ministers, generals and others in a crowd of some 2,000 greeted the frail 45-year-old singer with wave after wave of applause.

Forced from the stage in 1958 when she became ill in Stockholm, Miss Piaf later was injured in two car accidents. Then she came down with grave abdominal ailments and on several occasions she seemed near death.

Clerk Injured in a Freak Accident

NEW YORK (AP)—Ralph Rubens, 31, a bank clerk, was working at his desk in an 11th floor office. Suddenly he screamed and slumped to the floor.

Fellow employees thought he had suffered a heart attack, and rushed him to a hospital. But there it was discovered he had been wounded by a bullet-like object which pierced an arm and lodged in his chest.

Police converged on the bank building in downtown Manhattan, assuming that someone had shot Rubens.

Someone noticed a small hole in a composition board shield around an air conditioner set into a window near the clerk's desk. That convinced them the projectile had come from outside the 11th floor window. But where?

Across the street was a building under construction.

Officers went there and soon made a surprising discovery. A device was being used there to install aluminum window frames. The device is a power tool for firing stud bolts, about two inches long and the diameter of a pencil, into masonry around the window openings.

Contractors used the power tool, which used rifle cartridges to fire the studs, had been approved by city authorities and that every possible safety precaution had been taken.

However, it was surmised, one of the studs must have ricocheted and gone winging like a bullet into the bank office across the street.

Rubens was reported in fair condition. X-rays showed the missile had barely missed his heart. Police listed the case as an industrial accident and said no charges would be filed against the building workers.

December Tax Take \$10.6 Million

LITTLE ROCK (AP)—Arkansas tax collections increased \$22,191 in December over December of 1959.

Revenue Commissioner J. Orville Cheney pointed to the small increase as an indication of declining business conditions. The increases were much higher earlier in the year.

The total tax take for December was \$10,640,460. This included \$4,465,359 in sales tax, \$880,638 in income tax and \$5,294,463 in gas-oil tax.

Cheney's monthly revenue report showed collections for the first six months of the fiscal year were \$4,576,188 above collections for the first six months of the fiscal year. The six-month total this year is \$75,261,402.

Christmas Card a Little Off

SARASOTA, Fla. (AP)—Mr. and Mrs. Charles Burroughs of Sarasota ordered Christmas cards with their name—and mailed them out without unfolding them for a look.

When only a few cards remained to be sent, Mr. Burroughs opened one. It was signed "Browning Repair and Welding, Wheatland, Wyoming."

JFK Calls Farm Crisis Conference

By MARVIN L. ARROWSMITH

PALM BEACH, Fla. (AP)—President-elect John F. Kennedy today called a Jan. 5 conference in New York to deal with what he called the farm crisis.

He did so after saying he is seriously considering appointment of a world-roving ambassador to represent him in talks with high foreign officials, including government chiefs. Reports are Kennedy's choice for this assignment is W. Averell Harriman, former ambassador to the Soviet Union and former governor of New York.

Kennedy headquarters said that nine farm leaders will meet with him at the Carlyle Hotel in New York a week from today. Minnesota Gov. Orville L. Freeman, secretary of agriculture-designate, also will sit in at the conference.

In telegrams inviting the leaders to confer, the president-elect said he hopes the session will lead to further meetings "by persons designated by the conference to recommend action to relieve the farm crisis."

Meanwhile, Kennedy lined up a program of work for the New Year's holiday weekend.

He scheduled a news conference here Saturday morning to announce his election for another federal job. The conference was arranged amid speculation that Kennedy has decided to name McGeorge Bundy, Harvard dean of the faculty of arts and sciences, as his special assistant on national security matters.

Kennedy will hold another news conference Sunday. New Year's day, at his ocean-front home. On hand with him for that one will be Sen. Paul H. Douglas, D-Ill., chairman of a Kennedy-appointed committee on federal aid for the areas of chronic unemployment.

The committee's report and recommendations will be made public Sunday.

Invited to the farm conference in New York were: Herschel D. Newsom, who is master of the National Grange; James Patton, head of the National Farmers Union; Charles B. Schuman of the American Farm Bureau Federation; Homer L. Brinkley of the National Council of Cooperatives; Carl Bruns, head of the Wheat Growers Association; Walter G. Goppinger of the Feed Grain Council; Wilbur Smith, president of the American Cotton Producers Association; Glen Lake, president of the National Milk Producers Federation; and Oren L. Staley, head of the National Farmers Organization.

Russian Backed Forces in Laos Revive Fighting

By RENE-GEORGES INAGAKI

VIENTIANE, Laos (AP)—Premier Boum Oum's pro-Western government announced today seven Communist North Vietnamese battalions supported by artillery had invaded northeast Laos and were attacking the town of Nongkot.

Prince Boum's office said his Southeast Asian kingdom, which the United States supports with military and financial aid, "reserves the right to appeal to friendly countries" if the invasion is not halted.

Word of the attack came in intelligence reports from the commander of the mountainous second military region, the government said.

(In Singapore, a British diplomatic source said information received there did not indicate any invasion of Laos had taken place. "Our information indicates these reports should be discounted," the source said.)

Western military observers in Vientiane expressed surprise at the urgency of a communique issued by the premier's office and said it indicated the situation was serious.

Reinforcements were being rushed to the invaded area, the communique said.

The United States has poured \$300 million in military aid into Laos in five years. The Soviet Union is air-dropping military supplies to leftist forces led by para-troop Capt. Kong Le, Premier Boum's arch foe who was driven from Vientiane Dec. 15.

Leftist Pathet Lao troops, another faction in the six-year-old Lao-tian war, have been supplied by Red North Viet Nam.

Western military experts in Vientiane said there have been unconfirmed reports for two or three weeks that four and possibly five Vietminh battalions were operating along the mountainous northeast Laotian border.

First Manned Rocket Test in Spring

By YATES MCDANIEL

WASHINGTON (AP)—The first American manned rocket ride is set for early spring if a large ape survives the jolt of a blast-off from Cape Canaveral early in 1961.

The House Committee on Science and Astronautics made this prediction in a man-in-space report today.

Despite setbacks in recent tests, Chairman Overton Brooks, D-La., pictured the United States standing "on the threshold of a major flight test program of short and long range ballistic flights, leading first to unmanned, and later on to manned orbital flight, late in 1961 if all goes well."

The report, based on information supplied by the Defense Department and the National Aeronautics and Space Administration (NASA) set next March or April as the date for the first manned rocket ride. One of the Mercury astronauts will be strapped in a capsule and shot well over 100 miles up by an Army Redstone missile.

This first space ride will last a matter of minutes. Ships will be ready to fish the capsule from the Atlantic Ocean.

An earlier trial, using the same kind of rocket and capsule, will have a chimpanzee as passenger. If all goes well with the first manned space probes, the payoff will come next fall, when the first attempt will be made to put a man into a satellite in space, and keep him there long enough to complete several orbits of the earth.

The National Safety Council observed today that while the toll is a 1 per cent increase from the 34,150 persons killed in the corresponding 11 months of 1959, a 3 per cent increase in travel made the mileage death rate the lowest on record.

On a mileage basis November last was the safest November since 1934 when the council began record-keeping.

One way of curbing juvenile delinquency is to take the parents off the streets at night.

Mrs. L. C. "Pete" Martin was

honored with a surprise birthday party by Mr. and Mrs. Eulas Burke at their home Tuesday evening, December 27.

Red decorations with pine boughs made the house festive, and attractive dried arrangements were also seen. A tasty supper was served buffet style, and the honoree received many nice gifts.

Guests included Mr. and Mrs. Earl Martin, Mr. and Mrs. Clinton Ellis and children, Mr. and Mrs. W. E. Morrow, Mr. and Mrs. Lester Huckabee, and Mr. and Mrs. Homer Vines and son, as well as the honoree, Mr. Martin, and their children.

Graves-Long Wedding Party Entertained

Mr. and Mrs. Frank McLarty entertained with a rehearsal dinner for the Graves-Long wedding party Wednesday evening, December 28 in their home. Miss Ginn Graves, guest of honor, wore a dress in many shades of pink, rose, and raspberry. Her corsage was of white roses.

A blue iris, yellow rose and white stock arrangement centered the dining table with ivory candles in silver containers. From a buffet decorated in a similar fashion, 30 guests were served a buffet dinner.

Individual tables held smaller white stock, blue iris, and yellow rose arrangements with a single ivory candle. The table of the honored couple was centered with white roses.

A gift of silver was presented to Miss Graves and her fiancé, Hunter Long, by the hosts, who were assisted in serving by their sons Mac and Berry.

McCaskill H. D. Club Has Christmas Party

Mrs. R. G. Shuffield was hostess at the annual Christmas Party of the McCaskill Home Demonstration Club held at her home Thursday night, December 15th. All members were present and Mrs. Joann Phillips, Hempstead HDC Agent, was a special guest.

The hostess' home was beautifully decorated to carry out the Christmas motif.

The President, Mrs. R. G. Shuffield, called the business meeting to order. The Club Creed was read by the members in unison, after which Mrs. Leon Prescott gave the devotion. The Scripture reading was from St. Luke. Mrs. Clold Bittick led the group in prayer.

Mrs. Loy Rodgers next read a Christmas poem and everyone joined in singing "White Christmas."

Minutes of the last meeting were read by the Secretary, Mrs. J. G. Prescott and roll call was answered by "A Good Deed at Christmas."

Mrs. Phillips, Mrs. Shuffield and Mrs. J. G. Prescott then reported to the club the events of the County HDC Council Christmas Party. Gifts were exchanged and the hostess served cake, coffee, punch and salted nuts to those present.

The January meeting will be held in the home of Mrs. Clold Bittick.

Senate Probe of Constellation Fire

WASHINGTON (AP)—Sen. Clair Engle, D-Calif., said today he will ask for an investigation by the Senate Armed Services Committee of the flash fire which gutted the Navy's new aircraft carrier, Constellation and took 6 lives.

"If half of the things that Edward F. Cavanagh Jr., New York City fire commissioner, has said are true, there was a deplorable lack of fire control measures in the construction of this costly and important addition to our Navy strength," Engle said in a statement.

Cavanagh is among witnesses who have been testifying before a special naval court inquiry into causes of the fire at the Brooklyn Navy Yard on Dec. 19.

Red China Group to Tour Canada

OTTAWA (AP)—A Communist Chinese trade delegation started a three or four month tour of Canada today amid speculation that it may be seeking wheat and other farm products.

Arrival of the two-man delegation in Montreal Thursday night coincided with a report by the official Peiping People's Daily that Red China in the past year suffered a "great calamity" with more than half its cultivated land hit by floods, drought and insect raids.

DOROTHY DIX

A Happy Wife!

By HELEN WORDEN ERSKINE

On this last day of the year I am using two letters from readers whose problems are typical of others who write me. I publish them, believing that many may find them a blueprint for the New Year.

A housewife of Oregon City, Oregon, who practices what I preach:

Dear Helen:
Divorces would be fewer if women quit feeling sorry for themselves and thought of their families instead. The mature wife accepts her duties along with the joys of married life.

I've been married 13 years and I'm not worked to death yet. I'm the mother of four wonderful kids who have been taught to think of others once in awhile. They know Daddy should have a chance to relax when he comes home after a day's work.

As for looking pretty, I caught him by looking nice and I'm going to keep him happy by doing the same. As a result he would rather stay home with his nice looking family than go out with the boys.

I also find that a kiss and the words "I love you! You wonderful man!" get more done around the house than all the nagging in the world.

Daddy gets his breakfast in bed once a week. He also gives us our breakfast in bed - which is just another way of saying, "I love you!"

For a man to be head of the family, he must be treated as one. But my husband doesn't have to be a caveman to get us to do what is expected of us. We do it because this is our home, we're proud of it and we love him and each other!

I'm sorry for the woman who regards marriage as an eight-hour daily chore. I feel my marriage is worth working at 24 hours a day.

I'm happy when my husband says he loves me, or tells me I'm a good wife and just as pretty as the day he married me. I work just a little harder to keep him feeling that way. And when my kids say they love me 'cause I'm happier than any of their friends' Moms, I'm plain proud. Thanks for listening to a happy wife. — Mrs. Lawrence Wise

I also liked this frank confession and resolution for the New Year: Dear Helen:

People used to call me a snob. They said I was too dignified; so I decided to smile at everybody. Then married folks said I was a flirt. That had me guessing which to be — a snob, or a flirt. The smile won. My husband hasn't complained. But once in a while I resolve to be more dignified as becomes a 30-year-old married woman.

Not long ago I made my 50th resolution. Here it is:

On Dignity
Dear dignity, you are a gem. A longed-for jewel in the diadem! Ah, dignity and poise and grace. Some wear you as a mask-on-face. In some you're born. But some, like me, are left forlorn—

So please stay around. Till grace and poise I've found; And you are part of me. — Mary

Democrats Win in Korea Vote

SEOUL, Korea (AP) — Prime Minister John M. Chang's Democratic party won the governorships in five of 10 provinces in South Korea's first gubernatorial elections Thursday.

The opposition New Democratic party won three races and two were not yet decided.

During former President Syngman Rhee's rule provincial governors were appointed by the president.

Safety Check for The Savannah

WASHINGTON (AP) — The Atomic Energy Commission said today safety aspects of the Savannah, the world's first nuclear-powered merchant ship, would be considered at a public hearing before any okay is given to start its nuclear power plant.

The AEC also released a report which concluded that, in general, the Savannah's reactor could be operated without undue hazard to the health and safety of the public—provided certain restrictions are imposed.

One of the restrictions listed was that the reactor be operated at no more than 10 per cent of full power in the planned start-up at Camden, N.J., where the ship is docked at the yards of its builder, the New York Shipbuilding Corp.

The committee suggested this as a means of avoiding "a risk, however small," from accidental release of radioactivity in the highly populated Camden area.

Arab Nations Plan to Build Reactor

BEIRUT, Lebanon (AP) — A call for Arab countries to construct their own joint atomic reactor to counter Israel's nuclear efforts drew cheers in the Lebanese Parliament Thursday night.

Deputy Nuhad Bweiz made the suggestion in a discussion of nuclear developments in Israel and Jewish immigration.

Premier Saib Salam told the house that continued immigration of Jews to Israel could be more

Terms Panama's Economy Good

PANAMA (AP) — President Roberto Chiari told a news conference Thursday that Panama's prospects of economic well-being in 1961 were promising but not brilliant. He said his administration is banking on the introduction of textile and other new industries for an economic boost. There is an impression, he added, that the change in administrations in Washington will mean a return to the good neighbor policy.

than a dozen homes on fire and an elderly woman and a man, died in the flames. One crew member parachuted to safety.

Smith's suicide, apparently the result of personal problems, stunned a city which had come to think of him as a stern, almost emotionless police officer.

Faubus' victory over four opponents in the Democratic primary, John F. Kennedy's narrow victory for the state's eight electoral votes and defeat of three proposed constitutional amendments, one an anti-integration school closing measure, topped the election news.

The census showed Arkansas with a 6.5 per cent population loss in the past 10 years. The 1960 population was set at 1,786,272. The major effect was loss of two of the state's six congressional seats.

Faubus called the Legislature and pushed through laws to broaden the base for industrial financing. The key measure in a three-bill package permits cities and counties to join in issuing tax-free revenue bonds to build plants.

Hilderbrand, a 24-year-old escaped convict, hit the headlines in September when State Police launched an intensive manhunt for him in northwest Arkansas. Hilderbrand had roamed the hills for almost a year, since he failed to return to prison from a furlough, but news stories about Frances Standridge, 18, joining his flight heightened interest in catching him and the girl were captured Oct. 12.

The federal government announced on June 22 that an \$80 million complex of Titan missile launching site would be built in a protective area around the Little Rock Air Force Base. Land acquisition was virtually complete by year's end and preliminary construction had begun.

Leggett's execution on Sept. 18 ended a four-year fight for life that began after Leggett was convicted in 1956 in the strangulation slaying of a Jacksonville youth.

The execution was anti-climatic to the series of legal maneuvers which time after time saved his life at the last minute.

The Screeton-Gunter election squabble broke out after certified returns from Prairie and Lonoke counties showed State Sen. Jerry Screeton of Hazen the victor in a Democratic runoff primary when T. J. Gunter of Austin apparently had won on a basis of unofficial returns.

Gunter filed an election contest suit and Circuit Judge W. J. Waggoner of Lonoke heard testimony about alleged vote frauds. The suit became moot, however, when write-in candidate Charles L. George of Cabot defeated Screeton in the general election.

Youth 17, Escapes 'Retarded' School

DENVER, Colo. (AP) — A 17-year-old boy who hid for five days in basement passages at the State Home and Training School for mentally retarded children apparently has escaped, the home superintendent said today.

Dr. Francis Meyer said he has asked Denver police to look for the boy, whose home is here.

It was not known whether the boy still had the butcher knife with which he threatened kitchen employees at the home.

Dr. Meyer said he and two employees made a thorough search of the basement passages Thursday night and today and found no trace of the boy.

Arkansas Civil Air Patrol has 24 squadrons and 600 cadets.

TIME FOR VIOLENCE

By Noel M. Loomis

THE STORY: Desperate attack the Lewis ranch during the night and Bart Wagner helps Catherine defend her place. They drive off the bad guys, who set fire to a shed. In the morning, one dead outlaw is lying outside.

Chapter XVIII

It was only nine miles to the home ranch of the JA's - Goodnight's headquarters. Goodnight came out to meet him, his massive shoulders driving him over the hardpacked ground. "Come in and sit, young man." He shook hands. "Tony, get coffee. Come on in, Wagner. Glad to see you." They sat on stumps under a big cottonwood tree, and Bart rolled a cigarette. He tossed the sack to Goodnight, who started making his own. Bart watched three cowhands ride into the yard and dismount. In a pen near the gate there were four buffalo cows and two calves. He struck a match. "The outlaws are hard against it," he said. "They tried to burn out the Lewis place last night. We stood them off, but they did burn the shed. Got one of 'em." Goodnight looked at him keenly. "If you don't mind an honest

BOATS HEAD FOR HILLS ON TRAILERS
By WM. TAYLOR MCKEOWN
Editor, Popular Boating
(Distributed by
Newspaper Enterprise Assn.)

Boating is becoming a true inland as well as a seacoast sport. The latest trailer figures indicate one out of every four boats rides around on land as well as water.

As a result, the country is a network of waterways connected by convenient roads. Trailer boating is a year round affair. Any warm weekend is suitable to tow the family boat to nearby waters.

Now is an appropriate time to check the boat trailer, after a summer season of use, and get it ready for fall outings. If the trailer has been submerged during launching or hauling out, particularly in salt water, it needs attention.

Here are hints for trailer maintenance: Examine the trailer hitch coupling, safety chain and winch and line for signs of wear. Is the hitch well anchored to the car's frame as well as humpers?

Trailer tires should be in good condition, properly inflated, and spare wheel and tire available. Straps and tie-down lines need replacement if they are getting worn. Check to see that they are not marring the boat.

Trailer rollers and support padding need examination. Use nylon carpeting to replace missing cradle pad covers.

Rust spots should be sanded away and touched up with matching paint from handy new spray cans.

Trailer lights and wiring require a good look to be sure insulation is not worn or connections loose. Do lights blink on and off when you are trailering on a rough road?

Wheel bearings deserve special attention if they do go under water. Though essentially watertight, a bearing which is warm from running along the road can cool quickly when submerged. This causes metal to contract and suck in water. Your garage can repack these bearings with grease. On a long trip, stop occasionally and feel the trailers wheels to be sure these bearings are not overheating.

New improvements for trailers include tilt frames that let the boat slide into the water without unhooking the trailer. Power winches are another popular improvement. These plug into the automobile's electrical supply and wind a boat onto the trailer.

New roller guides aim the hull as it comes ashore so that it lines

Hope, Porkers in Finals of Tournament

By Vince Foster
Hope Star Sportswriter

In the semi-finals of the Hope Holiday Tournament yesterday Hope Boys' Blasted past the Fairview Cardinals 59-45 and thus will meet the Texarkana Razorbacks, who edged out Amity in overtime 51-49, in the finals of the boys' division tonight at 8:30 p.m. In the girls' division Ashdown slipped past Stamps 55-48 and will face the Lewisville Ladies in the finals at 7:00 p.m. tonight. Lewisville edged the Texarkana Girls 27-26.

Fairview proved no match for the Bobcats yesterday afternoon as the first team quickly jumped to a 20-2 lead in the first period. Coach Mitchell's second team played the second quarter and held Fairview to 6 points, while picking up 9 to make the halftime score Hope 29, Fairview 8. The Cardinals came back hard at the first team in the third period, but going into the final quarter the Bobcats led 49-21. Then Fairview began hitting off the second team and picked up a big 24 points to Hope's 19, but the big 24 wasn't enough to even worry the Bobcats.

A second-warrior, Jeffery Powell, was high for the Bobcats with 11 points, all coming on free throws. Gene Robinson sunk 9, Churchwell 8, Arnett 7, Fry and Hatfield 5 each, Calhoun Murphy and Compton 4 each, and Porterfield 2, as again all squad members scored. Bush was high man for Fairview with 15.

Texarkana, a "AAA" school, edged out Amity, a "B" school in a most exciting game last night 51-49 in overtime. Amity was cold the first half and trailed at the half 22-15. They came back hard in the third quarter and going into the final period Texarkana led 28-27. Then for 6 minutes, to the thrill and excitement of the large crowd present, the lead rocked back and forth. Amity was scoring field goals well, but when the Porkers brought the ball down court, they were fouled and usually scored both shots to put them in the lead again.

With about a minute left again Amity scored and again fouled, as they led by one point. This time though the Hogs missed their free throw and Amity carried the ball down to their end of the court. Perhaps if they had froze the ball then, they would have won, but anyway they missed the field goal and Texarkana brought the ball down, only to be fouled once more and then tied the game up with about ten seconds left with the first shot, but missed the second one and the buzzer then sounded, sending the game into a three minute overtime. The stands, which were divided about 50-50 for the two opponents, went wild. Woodson of Amity took the first point in the overtime on a free throw, placing Amity ahead 47-46, but then Jones and Mobley of Texarkana provided the Hogs with the needed 5 points to take the game.

Jones was high in the game with 20 points, and Williams of Amity took 18. The Ashdown boys had little trouble with Stamps as they led 13-6, 20-20, 42-30, and 55-48 at the end of each respective quarter. Gloria Burke was high for Stamps and the game as she scored a tremendous 32 points. This was 3/4 of her points total. Zachary was high for Ashdown with 20. The Texarkana Ladies almost slipped up on the underdogs, Lewisville, as they came back from a 19-13 halftime score and gave the Lewisville team a big scare. They held Lewisville scoreless in the third quarter, but were edged 37-30 by a determined ewisville squad. McJunkins was high for Texarkana with 10, while May of Lewisville took 14.

There was a good crowd at last night's game, and if you'll ask any you they thoroughly enjoyed themselves as they saw two close exciting games, like the two will be tonight. Come out and see the top boy's teams and the top girl's team in our part of the country oppose each other and remember to Boost The Bobcats.

Women Hit and Killed by Auto

LITTLE ROCK (AP)—A 30-year-old Russellville woman, Mrs. Fred L. Teague, was killed Thursday night when struck by a car near St. Vincent's Hospital, where she had been visiting her ailing 16-year-old son.

Mrs. Teague was walking across busy Main Street in Russellville when she was struck by a car.

No witnesses were seen at the scene, and the driver of the car was not identified.

The body was taken to St. Vincent's Hospital for autopsy.

Sentence of 6 Months Not So Smart

DECATUR, Ga. (AP)—A daring young man who drove his car five miles down a railroad track, over trestles and a bridge right in front of a fast freight train, will spend the next six months safely in jail.

"I'll be wiser if I know why we didn't run over him or why he didn't run off a trestle or something," marveled train engineer J. B. Broom.

Police who rushed to the scene and arrested Theron Luther George, Jr., 18, also had words of praise for the young daredevil's skill in negotiating the track and trestles in the early morning darkness without a mishap, with Broom's train whistling impatiently behind.

But DeKalb County Judge Oscar Mitchell was not so impressed. "When I asked him what was his excuse, he just said he was guilty and didn't have an excuse," the judge commented in passing sentence Wednesday.</

Your Church

not a playground for Saints
but a hospital for Sinners

Attend

SOURCE of VALUES

We can get them from *The Old Book* — values a-plenty to make the New Year really new. Of course the months, the weeks, the hours are much like the old ones.

We should carry all the good things of yesteryears over into the New Year, and then add more.

Just how will your New Year be New?

We and others, like ourselves, will make the difference. Be more kind and patient in the home circle — *then it will be a new house this year.* Exhibit a better spirit as you do the old task — and *the*

office, or shop, or kitchen will be a new place for the New Year. Worship God more sincerely and work more in His

program of service — *then you will have a new church for the New Year.*

Only a new Person will make it a New Year.

The Churches of This Community, Are the Only Institutions Which Have
as Their Main Function, the Transforming of Human Lives
They Are the Sign Boards Pointing the Way to God.

Sponsors of these messages urge faithful church support. Through this series of pages
the appeal is for all men to stand up and be counted . . . to combat
Communism on all fronts . . . to be faithful to God.

Our Ministers Are God's Servants Who Call the Signals Against the
Organized Forces of Evil. They Invite You to Enlist On
the Side For God. . . to Come to Church.

"HE WHO WAITS UPON THE LORD SHALL RENEW HIS FAITH"
